ENA-Summer Meeting

Dear members of the European Nurserystock Association (ENA), Associazione Nazionale Vivaisti Esportatori and Mr. ENA President Maurizio Lapponi!

The Russian Nursery Stock Association (APPM) expresses you the great gratitude to ENA conference organizing committee for the invitation to your annual ENA-Summer Meeting 2013 from 23th to 25th June 2013 to take part in this international project..

To a huge regret the Russian delegation can't arrive.

We express personal gratitude to Mr. ENA President Maurizio Lapponi, who took part in our conference in February 2013, for his active assistance in the invitation of the Russian delegation on ENA-Summer Meeting.

Unfortunately, we won't be able to visit it for the objective reasons.

We congratulate organizers on the conference beginning, we wish successful and productive work, interesting meetings, adjustment of business contacts at the international level for development of "green" branch, for providing the European states with a qualitative landing material.

APPM is building up international cooperation and arranging trips to Russian and foreign nurseries to provide experience exchange. So APPM is very interested in an international cooperation with the ENA and its members.

We hope that further international cooperation between European Nurserystock Association and Russian Nursery Stock Association will develop and become stronger.

Best regards,

APPM President

Irina Savvateeva
